Lifeline

How Philips Lifeline works

1. Summon help

With a simple push of your Lifeline help button you're always connected to our 24/7 Response Centre. With our advanced services, you have the option to include fall detection or locating technology in the event you can't push your button.

2. Hear a reassuring voice

A caring Lifeline Response Associate will quickly access your personal profile and assess the situation.

3. Know help is on the way

Our Associate contacts a neighbour, loved one, or emergency services – based on your preferences – and will follow up to make sure help has arrived.

PHILIPS
Lifeline

* AutoAlert option is locally available at participating Lifeline programs. AutoAlert does not detect 100% of falls. If able, you should always press your button when you need help.
