## Pull cord stations

For areas where help is frequently needed

Lifeline 900 MHz pull cords are easy to install, easy to use and a vital part of CarePoint resident safety systems – helping you build a better community experience. Available for use with either Lifeline or EchoStream® backbones, pull cords are an ideal wireless solution for bathrooms, bedrooms or any place where residents may need to alert staff – with a simple pull of the cord.

### Features and benefits

**Magnetic switch** is ideal for bathrooms, where steam and spray vapors may exist

---

**Resetting 'Emergency' switch** automatically acknowledges alarm

---

**Durable plastic pull cord** is easy to wipe down and disinfect

---

**Replaceable battery** with up to three years of battery life

---

**Wireless supervised transmitter** provides notification when device needs service or battery replacement

---

**UL 2560 certified**

---
